**Kripalu Girls Inter College**, Kunda ,UP

- Percentage - 81%

## PROJECTS

- **Doctor Appointment Booking App**
- A full-stack web application for seamless doctor appointment scheduling. Built with **React (Vite)**, **Redux**, **Context API**, **Tailwind CSS**, and **Material UI** on the frontend for a responsive and intuitive user experience. The backend is powered by **Node.js**, **Express**, and **MongoDB**, enabling secure and scalable data management. The app features **real-time appointment booking**, user authentication, profile management, and dynamic doctor availability—ensuring a smooth and efficient booking process for both patients and doctors.
- **BookMyShow**
- A movie booking web app built with React, Express, and MongoDB. Users can select movies, showtimes, and seats with real-time booking updates and persistent data.
- **E-Commerce**
- A responsive and interactive e-commerce website built with React, Redux, and Tailwind CSS with features like product listing, shopping cart, wishlist, and user login/signup.
